Dear Mr. Larson:

RE: Northwest Species at Risk Response to Global Restoration Corp. on Collaborative Working for the Habitat Restoration Grant Project

Northwest Species at Risk Committee (NWSAR) would like to thank Global Restoration Corp. for the opportunity to be involved in a habitat restoration project, for the northwestern caribou herds.

Unfortunately, NWSAR is unable to commit to collaborating on your project at this time as NWSAR is currently perusing commitments to other northwestern projects.

We look forward to continued dialogue with Global Restoration Corp. as we all move forwards towards Boreal Caribou recovery in Northwest Alberta. If you have any questions or concerns, please do not hesitate to contact us.

Sincerely,

Lisa Wardley
Chair, NWSAR Committee
Deputy Reeve, Mackenzie County
